26 November 2010

Dear Parents,

Thank you for supporting our policy on mobile phones. Please be assured that if any pupil needs to contact you we will help them to do so. Any pupils needing a mobile for an unaccompanied journey can hand it in to the school office during the day.

The pupils are enjoying a second mufti day arranged by the Court Circle. Please support the Christmas Fayre which Ronda Musgrove is working hard to coordinate.

Next Wednesday and Thursday we will be having an accreditation inspection by ISI in support of our application to join the Independent Schools Association. It is one of the conditions of membership and we are looking forward to meeting their inspectors.

The pupils have had termly exams and teachers are busy writing reports. I have already watched and enjoyed one form's plays - modern versions of nursery rhymes. Mr Simpson is building stage boxes and flats for drama productions which will be very versatile. We are looking forward to the Burys Court production in the Church and Little Berries Nativity play.

We have been working to give more information to parents. All parents in College should have received copies of the annual curriculum plans. We are reviewing the question of homework again. The need for it and its value can vary across the school and we will be seeking views from you ready for next term. We are planning to have pupil's work books on show periodically for you to view. I have already shown three groups of parents around the school during the school day and will offer more dates next term.

Work is continuing on the changing rooms. We have been waiting for the floor to be ready for the vinyl to be laid. Meanwhile the painters have been at work.

Early next term we will be having a meeting to explain GCSE's to parents in College 3. We will then arrange to meet each family to discuss options with parents and pupils.

Have a good weekend. I hope that the paintballers do not get too frozen tomorrow.

Yours sincerely

Mrs B E Baker  
Principal
